The Griswold-Henderson Livestock Company, formerly C. W. Griswold and C. T. Talbot, partners, have used said springs for more than twenty years last past, and next preceding the filing of this application for permit to claim a vested water right upon said springs for stock watering and domestic purposes, dating from the year 1899. Prior to the purchase of the land, stock and springs and water thereon work had been installed, the earliest water date being 1884. Since date of purchase water has been used continuously. Applicant intends to go upon and open said springs, excavate tunnel and otherwise develop the waters thereon and use the same for domestic and stock watering purposes, and if sufficient waters shall be obtained, for irrigation purposes.

This application is made for the purpose of securing surplus water and obtaining right to develop same, and not as a declaration to vested right, and not in any way to be construed as an interference with, or waiver of applicant's vested right to the use of the water on said spring.

Limitations and conditions:

This permit is issued subject to all prior

rights on the source. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 50.125 cubic feet per second.

Actual construction work shall begin on or before June 12, 1926.

Proof of commencement of work shall be filed before July 12, 1926.

Work must be prosecuted with reasonable diligence and be completed on or before June 12, 1927.
